

Effective January 2015, all firms/individuals engaged in any form of business activity within the airport environment is expected to formally register with Ghana Airports Company Limited.

The exercise is intended to inform GACL's planning data, complement airport security screening and also improve control and supervision of the airport business community. A fee is paid on registration and different airport operatives are categorized on the basis of the scale and nature of operations to pay assessed fees.

Below is the full listed of up-to-date register of operatives:
