

FIRE SAFETY TIPS

The management of the RFFS is reminding all staff of the need to adopt appropriate fire safety and precautionary measures to prevent/minimize the outbreak of any accidental fires.

Some of the safety practices to adopt include:-

- **If an appliance smokes, or has an unusual smell, unplug it immediately and have it checked, repaired and replaced where necessary.**
- **Replace frayed or cracked electrical cords and do not overload extension cords.**
- **Electrical cords/cables should not run under rugs/carpets.**
- **Make sure all office members know what to do in the event of a fire.**
- **Report any unusual situation that will result in a fire outbreak to the RFFS on the following numbers:-**

Safety & Prevention - 0302 776 171 ext. 2031

Ops Room, Fire Station - 0302 776 171 ext. 2505

Direct lines - 0302 773 285

0302 953 429

0303 960 266

We solicit the cooperation of all staff in this regard.
